

# Quote Request Form

Please fill out this form and fax it to us.

**FAX: (805)482-7401**

## Customer Information

Name/Title:

Organization:

Address:

Phone:

Fax:

Email:

Website:

## Service Information

Chemical Name:

Formula Structure:

Isotope ( $^{14}\text{C}$ ,  $^{13}\text{C}$ ,  $^{15}\text{N}$ ,  $^2\text{D}$ ):

Position of Label:

Specific Activity Range (mCi/mmol):

Quantity Required (mCi):

Shipping Condition:

## Recommended Method of Synthesis and Purification

1. Method of Synthesis:
2. Literature Reference:
3. Suitable Precursors and Commercial Source:
4. T.L.C.
  - silica gel/cellulose
  - solvent system
5. Column Chromatography
  - column packing
  - solvents
6. HPLC
  - column
  - conditions
7. Paper Chromatography
  - solvent system
